Sir,

I would like to express my heartfelt gratitude for the remarkable support and opportunities you provide to deserving students through your scholarships. Thank you for considering all the 20 applications sent to you from our institution.

However, it has come to our attention that several students, owing to some miscommunication , were unable to submit their scholarship applications within the stipulated deadline. These students are equally deserving and possess the potential to benefit significantly from your program. I would like to enquire if any additional names can be added to the list shared earlier. Shall I share their details with you or should I proceed with the selected 20 students?

Awaiting a positive response,
